All Shamrock Farms' bulls are halter broke and well dispositioned. They are lightly grain fed when not pastured.

We bred heifers to R3S this summer. This well dispositioned bull is smooth as a ribbon and has a calving ease head. His semen evaluation is marked excellent by our vet. He is a grand son of WAR Hall of Fame 8023, who provides superior growth, carcass, feedlot and grid value EPD's. His dam, Shamrock Erica R302, has VDAR Lucy's Boy in her pedigree.

1	Birth Date	Tag	Scrotal cm	Semen	BW lb	Adj WW lb	Milk
	03/17/06	R3S			85	765	
				EPD's	+2.5	+38	+15
				Ratio	108	104	

WAR Hall of Fame 13183408

R8S should be a very good heifer bull. He is the son of WCC Special Design L309, who provides excellent carcass, feedlot and grid value EPD's. His semen evaluation is marked excellent by our vet.

2	Birth Date	Tag	Scrotal cm	Semen	BW lb	Adj WW lb	Milk
	10/20/06	R8S			90	628	
				EPD's	+3.0	+40	+17
				Ratio	102	100

Breed this bull to cows. J10S is a grandson of TC Dividend 963, one of the great bulls of the Angus breed. His mother has been a productive cow purchased by granddaughter, Julia from the historic, excellent Molitor Angus Ranch, Zenda, KS,

3	Birth Date	Tag	Scrotal cm	Semen	BW lb	Adj WW lb	Milk
	12/08/06	J10S			102	702	
				EPD's	+3.7	+30	+13
				Ratio	110	104	

TC Dividend 11300151

K13S is the son of G13 Structure which makes him a brother to two Denver Grand Champion bulls. His semen evaluation is marked excellent by our vet, notable for his young age. His carcass EPD's are superior, with low backfat (-.04), positive marbling (+.36), ribeye (+.18) and carcass weight (+11).

4	Birth Date	Tag	Scrotal cm	Semen	BW lb	Adj WW lb	Milk
	12/08/06	K13S			80	612	
				EPD's	+1.1	+33	+22
				Ratio	85	91
